INFORMATION DISCLOSURE STATEMENT

Mail Stop PATENT APPLICATION
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants respectfully submit this Information Disclosure Statement (IDS) pursuant to 37 C.F.R. §1.97 and 1.98 in order to comply with the duty of disclosure under 37 C.F.R. §1.56. Applicants have become aware of the documents set forth in this IDS in connection with the prosecution of the present patent application, and other co-pending applications. These citations, which are listed on the enclosed Forms PTO-08A and 08B, are being brought to the Examiner's attention for that reason. Applicants note that for the listed non-patent literature documents wherein a precise publication date was not available, applicants have included what applicants believe to be the best available date information, such as a posted copyright date. Applicants note that some of the citations are not prior art references, but have been disclosed in an abundance of caution. A copy of each reference that is not either a U.S. patent or a U.S. Patent Application Publication is enclosed for the convenience of the Examiner.

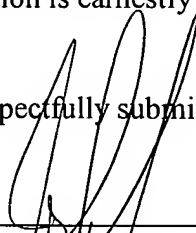

Applicants would also like to bring to the Examiner's attention co-pending U.S. patent application nos. 10/015,816 (a copy of the specification of which is published as U.S. patent application publication no. 2002/0186255 A1), 10/177,501 (a copy of the specification of which is published as U.S. patent application publication no. 2002/0186249 A1), 09/587,075 (the specification of which has not published as a U.S. patent application publication), and 09/429,585 (the specification of which has not published as a U.S. patent application publication).

Applicants note that an installable copy of the Alexa Toolbar, copyright 1998, has been included with this IDS on a CD. The examiner is invited to install the Alexa Toolbar software from the CD, or download a version from the site identified in the last entry of page 10 of attached forms PTO/SB/08A and /08B. The CD also contains additional Alexa Toolbar related files (not needed for toolbar installation, but that accompany the download) from which the Examiner can discern the last dates that the files were modified.

Applicants believe that no fee is due in connection with this IDS because it is being submitted within three months of the filing date of a new patent application, that is being filed along with the present IDS. See 37 C.F.R. §1.97(b)(1). Nevertheless, authorization is hereby given to charge the amount of any required fees, and any deficiencies, to the undersigned's Deposit Account No. 19-4709.

Applicants respectfully request that the Examiner make these citations of record in the subject application. Early and favorable action is earnestly solicited.

Respectfully submitted

James J. DeCarlo
